OPERA

CERAMIC BOWLS
WITH BAMBOO STAND

Elevate your pet's dining experience with **OPERA** by M-PETS®. These new sets of Bamboo and ceramic bowls add a touch of style that complements any home décor. The Bamboo stand keeps the bowls in place and helps protect your floors from scuff marks. No one likes a sliding food bowl, so we've added anti-slip to the bottom of each stand for extra sturdiness. The elegant ceramic bowls detach from the bamboo stand and can easily be cleaned in the dishwasher. **OPERA** is suitable for cats and dogs. The set comes in 2 sizes, with ceramic bowls available in black and white, so you can choose the best set for your pet and your home.

AUTOBRAKE RETRACTABLE LEASH

The outside world is full of excitement: from passing cars to walking pedestrians, it's unrealistic for our dogs not to be distracted during a walk.

To avoid any dangerous situations, to help to protect your arm and your dog's neck from getting hurt, we introduce our new range of M-PETS AUTOBRAKE Retractable Leashes:

- > Similar to the seat belts in cars, the retractable leash will automatically locks when a sudden force is applied to it. Pull the leash back to lock it and prevent the dog from extending the leash.
- > Similar to the ABS in cars, the retractable leash will simultaneously slow down your dog's speed and absorb the force applied to your arm. When your dog stops pulling on the leash, the tension will relax and the leash will automatically return to normal.

This new AUTOBRAKE system will surely prevent dangerous situations from occurring. Increasing safety for both you and your dog.

Keep your dog's paws clean and your floors spotless with **Paw Scrubber by M-PETS®**.

Simply fill the cup halfway with lukewarm water, add a dash of pet-friendly soap and guide your dog to put their paw inside. Then move the cup upwards, and slowly rotate it to clean each paw in a no-hassle fashion. The soft TPR bristles on the inside gently reach between fur and pads to massage the dirt away.
